**Memorandum of Understanding (MoU):**

The most remarkable achievement that AUAP has done during Dr. Nam's Presidency is the number of MOUs signed with various international organizations such as: the United Nations Educational, Scientific and Cultural Organization (UNESCO), the International Institute Of Education (IIE), the World Federation Of The United Nations Association (WFUNA), the Center For Global Non-Killing (CGNK), the International Association Of University Presidents (IAUP), Global Knowledge Alliance (GNK) and the

**International Federation of Catholic Universities (IFCU).**

- There are over 500 signed MoUs among AUAP members and partners since the inauguration of Dr. Sunghie Nam as the AUAP President, in November 2016. This is the highest number ever recorded in the history of AUAP.

**AUAP Membership Status:**

- At the end of 2014, AUAP had a total number of 240 members, with only 60 active members. In 2015, during the tenure of the Former AUAP President, Dr. Shawn Chen, the number

of active members increased from 60 to 100, (The Secretariat received 40 reactivated memberships and new members).

· Since the swearing-in ceremony of Dr. Sunghee Nam in November 2016, the number of active members both (longstanding and newly joined) has increased from 100 to 147.

I have been with AUAP since its founding in 1995. I can honestly say that AUAP has been most active during the time of Dr. Sunghee Nam as President.
